

## The Red Rose Wellbeing and Clinical Hub

The Red Rose Wellbeing and Clinical Hub provides support for young people across schools within the Outcomes First Group.

We have a range of professionals in our team including psychotherapists, occupational therapists and speech and language therapists.

We would love to meet more parents and help further support our young people. The following workshop is provided to give you the opportunity to meet some of our team, learn something new and ask any questions you may have 😊

# Adverse Childhood Experiences (ACEs)

## The Impact of ACEs: Awareness for Parents & Carers

**Date 24/02/2023 10:00am – 12:00pm**

- What ACEs are and how they can impact on a child/ young person's development
- The long-term impact of ACEs into adolescence and adulthood
- An insight in to building resilience

**We look forward to meeting you!**
