- Managing conflict

We know some of our young people need extra support in preparing for their next steps for the future. This could be from raising their aspirations, understanding the world of work, career advice or employability skills. Depending on the young persons level of need, some of this support may be delivered in class, by the intervention team, external providers or as a series of 1-1 session.

Referral to external agency

Delivered by careers lead

Delivered as a series of 1-1 interventions by support staff

Delivered as a group session by support staff or workshop by external partner
